The Change to Change Modernization, Development, and Politics Samuel P. Huntington* I. Political Science and Political Change Change is a problem for social science. Sociologists, for instance, have regularly bemoaned their lack of knowledge concerning social change. In 1951 Talcott Parsons flatly stated, in italics, that "a general theory of

The Change to Change

Throughout the historical development of their discipline, sociologists have borrowed models of social change from other academic fields. In the late 19th century, when evolution became the predominant model for understanding biological change, ideas of social change took on an evolutionary cast, and, though other models have refined modern notions of social change, evolution persists as an underlying principle.
